

# **International Journal of Electrical and Electronic Engineering & Telecommunications**

## **CONTENTS**

---

---

### **Volume 8, Number 4, July 2019**

|   |     |
|---|-----|
| Collaborative Cloud IDS in Detecting Denial of Service by Dendritic Cell Mechanism .....                    | 188 |
| <i>Azuan Ahmad, Mohd Nazri Kama, Azri Azmi, and Norbik Bashah Idris</i>                                     |     |
| Cooperative Unmanned Air and Ground Vehicles for Landmine Detection .....                                   | 194 |
| <i>Moustafa M. Kurdi, Alex K. Dadykin, Imad A. Elzein, and Ali K. Ibrahim</i>                               |     |
| FPGA Based Design and Implementation of DUC/DDC Based OFDM for Data/Image Transmission .....                | 199 |
| <i>Vasanth Kumar T. R. and K. V. Prasad</i>   |     |
| Performance of Signal Detection Scheme Based on Lattice Reduction in Spatial Multiplexing UWB Systems ..... | 205 |
| <i>Youngbeom Kim and Sangchoon Kim</i>  |     |
| Radiation Pattern of Novel Cylindrical Surrounding Patch Antenna for 2.4 GHz Applications .....             | 213 |
| <i>Erhiega N. Umayah and Viranjay M. Srivastava</i>   |     |
| Electricity Load Forecasting in Thailand Using Deep Learning Models .....                                   | 221 |
| <i>Pyae P. Phyo, Chawalit Jeenanunta, and Kiyota Hashimoto</i>  |     |
| Performance Research on Mechanical Draft Wet Cooling Tower under Variable Operating Conditions .....        | 226 |
| <i>Youliang Chen and Zhimin Liu</i>   |     |
